Roll SHAPE

BRACCIA | SENO

Composizione/Ingredients: 15cm x 12m
Unit-dose packaging soaked in active
ingredients as Hop, Elastin and Collagen.
Improves arms and breast atonia, making
the skin tissue compact, toned and elastic.
USE: after the vaporization of the
Roll-SHAPE Sprays, envelop the bandage
beginning from the wrist, going up to the
arm, reaching the shoulder, proceeding to
breast and décolleté and going down to the
opposite arm, to the wrist. Leave to take
effect for 20/25 minutes. Remove the
bandage and massage the residues until
completely absorbed.

Einwegpackung 15 cm x 12 m
Ein Wirkstoffen getränkter Winkel. Hopfen,
Elastin und Kollagen haben eine straffende
und kräftigende Wirkung. So wird die
Atonie von Armen und Busen verbessert
und das Hautgewebe wird kompakter,
straffer und elastischer.

ANWENDUNG: Nach dem Aufsprühen der
Sprays Roll-SHAPE den Wickel anwenden.
Beginnend am Handgelenk, über den Arm
bis zur Schulter, dann über den Busen und
das Dekolleté, über den anderen Arm bis
zum Handgelenk, 20/25 Minuten einwirken
lassen. Den Wickel entfernen und die
Rückstände so lange einmassieren, bis sie
komplett eingedrungen sind.

INGREDIENTS: Aqua, Glycerin, Sodium Phosphate, Potassium Phosphate, Humulus Lupulus Flower
Extract, Hydroxyethyl Cellulose, 1,2-Hexanediol, Hydroxyethyl Cellulose, Caprylyl Glycol,
Sodium Hydroxide, Triolein, Linolein, Caprylin, Honeyuckle Flower Extract, Sodium Hydroxide,
Linolein, Linolein, Caprylin, Honeyuckle Flower Extract, PPG 25 Buteth 25, Pentylene Glycol, PEG 40
Hydrogenated Castor Oil.

Avvolgimento per Calco
Enveloping Wrap for Cast
PROFESSIONAL

Contiene 10 rotoli di garza da 6 metri ciascuno
It contains 10 wraps by 6 meters each

Avvolgimento per Calco. Morbide garze professionali in cotone, indispensabili per effettuare la posa del Calco Thermo-Dren in Polvere e per avvolgere piacevolmente il corpo, fasciando la silhouette. Misure calibrate e personalizzate per un'applicazione pratica e confortevole. **Modo d'uso:** seguire la guida al trattamento DIBI MILANO. • **Enveloping Wrap for Cast.** Soft professional cotton wraps, essential for leaving the Thermo-Draining Cast in Powder on to work and to pleasantly envelop the body, surrounding the silhouette. Specific and personalized measurements, for practical and comfortable application. **How to use:** follow the DIBI MILANO treatment guide. • **Envoltura para la aplicación del Yeso.** Suaves gasas profesionales de algodón, indispensables para efectuar la fase de acción del Yeso en Polvo Thermo-Dren y para envolver agradablemente el cuerpo, vendando la silueta. Medidas calibradas y personalizadas para una aplicación práctica y confortable. **Modo de uso:** seguir la guía del tratamiento DIBI MILANO. • **Envolvimento para aplicação de Gesso.** Gazes profissionais suaves em algodão, indispensáveis para o processo de atuação do Gesso em Pó Termodrenante e para envolver agradavelmente o corpo, enfaixando a silhueta. Medidas calibradas e personalizadas para uma aplicação prática e confortável. **Modo de aplicação:** seguir o guia de tratamento DIBI MILANO. • **Enveloppement pour Masque.** De douces gazes professionnelles en coton, indispensables pour l'action de Poudre de Plâtre Pour Masque Thermo-Drainant et pour envelopper agréablement le corps, en gainant la silhouette. Des mesures calibrées et personnalisées pour une application pratique et confortable. **Mode d'emploi:** suivre les conseils pour le soin DIBI MILANO. • **Hülle aus Gipspulver-Mischung.** Weiche professionelle Gazen aus Baumwolle, die unabdingbar sind, um das Thermo-Drainage-Gipspulver einwirken zu lassen und um den Körper angenehm zu umhüllen, indem sie die Silhouette einwickeln. Ausgewogene und personalisierte Maße für ein praktisches und komfortables Auftragen. **Anwendungsweise:** Folgen Sie den Anweisungen zur Behandlung von DIBI MILANO. • **Марля для гипсовой маски.** Мягкая хлопковая марля используется в качестве приятного обертывания тела и необходима при использовании Гипсовой маски Thermo-Dren. Правильный размер для практичного и удобного применения. **Способ применения:** см. методики по проведению процедур DIBI MILANO.
